

WANTED

BIRDS of the DELTA

YKHC's Office of Environmental Health is seeking the assistance of hunters from 10 YK Delta villages to monitor for Bird Flu.

These villages were selected for geographical reasons as well as the selection of birds present in their area during the month of May.

Hunters, please bring subsistence harvest birds to your village's testing manager. The testing manager will take two swabs from your bird and return it to you along with...

TWO SHOTGUN SHELLS!

THE MORE BIRDS YOU BRING, THE MORE SHELLS YOU WILL RECEIVE!
