

COVID-19

Situational Report

Customers, partners, and employees: YKHC is here for you and your family. YKHC is making decisions related to COVID-19 based on guidance from the CDC, the State of Alaska and other experts. We are erring on the side of caution and in the best interests of our employees, customers and communities. YKHC publishes a situational report to provide accurate, timely data that communities and individuals can use to better understand the current COVID-19 conditions in the YK Delta.

During the week of April 8-15:

NEW CASES	88
HOSPITALIZATIONS	1
MEDEVACS	1
DEATHS	0
ACTIVE CASES (on day of report)	105

Read the daily case statements on our website: <https://www.ykhc.org/covid-19/covid-news/>

COVID-19 Level

MEDIUM

At medium risk, individuals and communities may choose additional measures to protect people at high risk for severe illness or death, such as wearing a well-fitting mask outside your household, and screening testing to detect infection before gathering with persons at high risk for severe disease. Find YKHC's full COVID-19 guidance at www.ykhc.org/resources.

New positive cases in prior 7 days, by sub-region

Sub-region	New cases	Sub-region	New cases
BETHEL	60	HOOPER BAY	1
ANIAK	3	ST. MARY'S	2
EMMONAK	13	TOOKSOOK BAY	9

New cases announced in prior 7 days, by age

Since the start of the pandemic:

TOTAL CASES	DECEASED	HOSPITALIZATIONS In-region at YKDRH	MEDEVACS To out-of-region hospital	INDIVIDUALS COMPLETED INITIAL VACCINE SERIES
15,361	50	151	43	18,357

Since the start of the Delta wave:

New COVID-19 cases by week

COVID-19

Situational Report

Vaccination level status update by sub-region

These are the percentages of the total population in communities that have completed a COVID-19 vaccine series and have agreed to publish data. Villages showing no percentage have not given permission to report that information, but are included within their sub-region.

For more information regarding COVID-19 vaccines, visit our website: <https://www.ykhc.org/covid-19/vaccine/>

YK DELTA

Total Population: 64%
Eligible Population: 69%

Total population with at least one booster shot: 27%

Mertarvik
Newtok: 59%
Nightmute: 46%
Toksook Bay: 67%

Vaccinations

YKHC urges all individuals 5 and older to get vaccinated against COVID-19 and all individuals 12 and older to get a booster shot when eligible. To learn more or schedule an appointment, please visit www.ykhc.org/vaccine.

Testing

In **villages**—Please contact your local clinic or SRC.

In **Bethel**—Starting Monday, April 18, the outdoor testing site across the street from the hospital will be closed. COVID-19 testing will be available at the testing site on the first floor of the hospital. Binax tests will be available 8 a.m. to 6 p.m., Monday through Friday. PCR tests will be available in the same location by request only during the hours of 10 a.m. and 2 p.m. Please enter through the main entrance of the hospital. No appointment needed.

Local Government + School District call

The next, bi-weekly Local Government and School District call is scheduled for April 21 at 1 p.m.

- Register for dial-in information [here](#).
- Did you miss the April 7 local government call? Listen to the recording [here](#).
- If your community or school district would like an individual meeting before or after the next call, please contact YKHC at publicrelations@ykhc.org.

Announcements

- Starting this week, YKHC will publish the list of communities that show evidence of widespread community transmission in the Situational Report to provide communities and individuals an additional tool to help make decisions about implementing COVID-19 mitigation strategies.
- As of Friday, April 15, the communities listed below are experiencing widespread community transmission.
 - Bethel
 - Emmonak
 - Grayling
 - Kipnuk
 - Kwethluk
 - Kwigillingok
 - Nunapitchuk
 - Tuntutuliak
 - One YKHC service area village
