

COVID-19

Situational Report

Customers, partners, and employees: YKHC is here for you and your family. YKHC is making decisions related to COVID-19 based on guidance from the CDC, the State of Alaska and other experts. We are erring on the side of caution and in the best interests of our employees, customers and communities. YKHC publishes a situational report to provide accurate, timely data that communities and individuals can use to better understand the current COVID-19 conditions in the YK Delta.

During the week of April 16-22:

NEW CASES	90
HOSPITALIZATIONS	0
MEDEVACS	0
DEATHS	0
ACTIVE CASES (on day of report)	111

Read the daily case statements on our website: <https://www.ykhc.org/covid-19/covid-news/>

COVID-19 Level

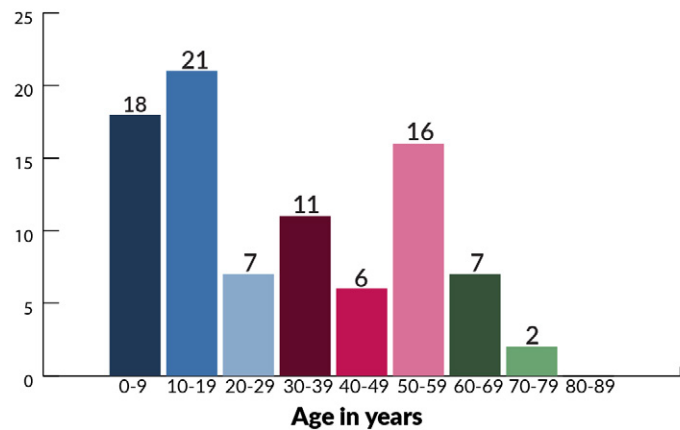

MEDIUM

At medium risk, individuals and communities may choose additional measures to protect people at high risk for severe illness or death, such as wearing a well-fitting mask outside your household, and screening testing to detect infection before gathering with persons at high risk for severe disease. Find YKHC's full COVID-19 guidance at www.ykhc.org/resources.

New positive cases in prior 7 days, by sub-region

Sub-region	New cases	Sub-region	New cases
BETHEL	57	HOOPER BAY	2
ANIAK	2	ST. MARY'S	5
EMMONAK	17	TOOKSOOK BAY	5

New cases announced in prior 7 days, by age

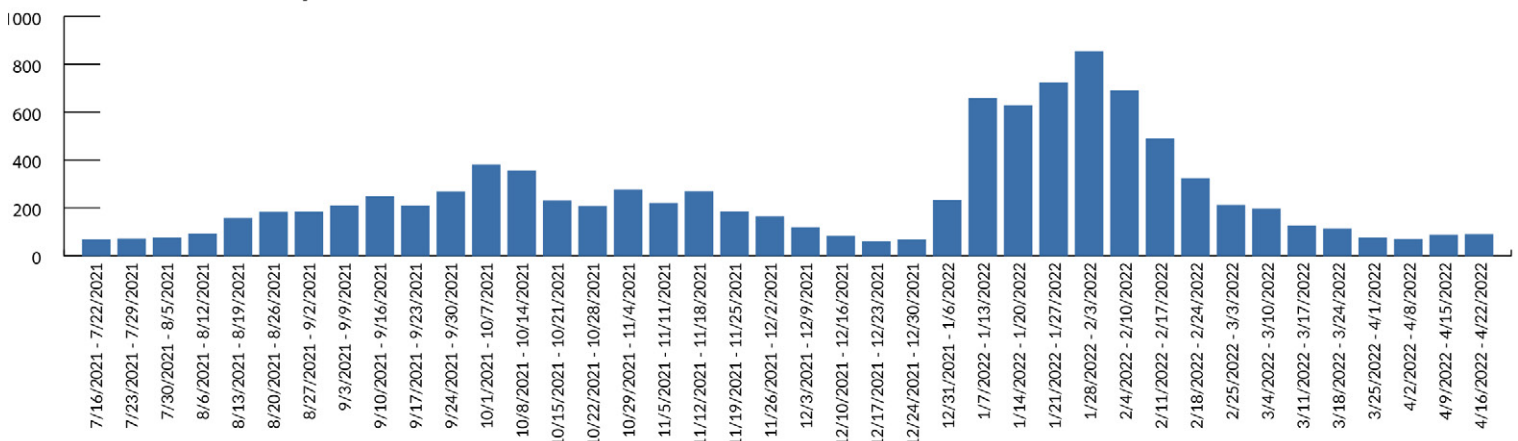

Since the start of the pandemic:

TOTAL CASES	DECEASED	HOSPITALIZATIONS In-region at YKDRH	MEDEVACS To out-of-region hospital	INDIVIDUALS COMPLETED INITIAL VACCINE SERIES
15,449	50	151	43	18,409

Since the start of the Delta wave:

New COVID-19 cases by week

COVID-19

Situational Report

Vaccination level status update by sub-region

These are the percentages of the total population in communities that have completed a COVID-19 vaccine series and have agreed to publish data. Villages showing no percentage have not given permission to report that information, but are included within their sub-region.

For more information regarding COVID-19 vaccines, visit our website: <https://www.ykhc.org/covid-19/vaccine/>

YK DELTA

Total Population: 64%
Eligible Population: 69%

Total population with at least one booster shot: 27%

 Mertarvik
 Newtok: 60%
 Nightmute: 46%
 Toksook Bay: 68%

Vaccinations

YKHC urges all individuals 5 and older to get vaccinated against COVID-19. Booster shots are strongly recommended for all individuals age 12 and older who received their second dose of Pfizer or Moderna vaccine at least 5 months ago or Johnson & Johnson vaccine at least 2 months ago. A second booster shot is available for people who received their first booster shot at least 4 months ago and are age 50 and older or age 12 and older with certain health conditions. To learn more or schedule an appointment, please visit www.ykhc.org/vaccine.

Testing

In **villages**—Please contact your local clinic or SRC. In **Bethel**—COVID-19 testing is available at the testing site on the first floor of the hospital. Binax tests are available 8 a.m. to 6 p.m., Monday through Friday. PCR tests are available in the same location by request only during the hours of 10 a.m. and 2 p.m. Please enter through the main entrance of the hospital. No appointment needed.

Local Government + School District call

The next, bi-weekly Local Government and School District call is scheduled for June 2 at 1 p.m.

- Register for dial-in information [here](#).
- Did you miss the April 7 local government call? Listen to the recording [here](#).
- If your community or school district would like an individual meeting before or after the next call, please contact YKHC at publicrelations@ykhc.org.

Announcements

As of Friday, April 22, the communities listed below are experiencing widespread community transmission.

- Alakanuk
- Bethel
- Emmonak
- Grayling
- Kwigillingok
- Nightmute
- Nunapitchuk
- Toksook Bay
- Tuntutuliak
